CHINTAN CHAUDHARI

+91 7069745630 • chintanchaudhari636@gmail.com • Ahmedabad, Gujarat, India

OBJECTIVE

Motivated BCA graduate with a strong foundation in Python programming, SQL, and problem-solving. Eager to apply technical skills and academic project experience to real-world software development challenges while contributing to organizational success and growing as an IT professional.

EDUCATION

- B.K. Mehta IT Center, Palanpur — Bachelor of Computer Applications (BCA), 2022 - 2025

SKILLS

- Python Programming
- Web Automation & API Development
- Web Scraping
- Data Processing: Pandas, NumPy
- SQL & MySQL (Basic)

LANGUAGES

- Gujarati (Native)
- Hindi (Fluent)
- English (Fluent)

PROJECTS

- **ONLINE ELECTRONIC STORE**

Developed an online electronic store using Python and Django, offering seamless browsing for users interested in electronic gadgets.

KEY ACHIEVEMENTS:

Implemented an intuitive and responsive web application interface using Python and Django, ensuring a user-friendly browsing experience. Leveraged Django's powerful ORM, conducting efficient database operations with SQLite, enhancing data management and retrieval capabilities.

Implemented robust authentication and authorization systems using Django's built-in features, ensuring secure access control for users. Additionally, utilized Django's template system to create dynamic and customizable web pages, thereby enhancing flexibility and scalability.

Frontend: HTML, CSS, JavaScript
